

Refugee Foster Care

Catholic Charities of Santa Clara County
invites you to foster a refugee youth in your home.
It's easier than you think!

We place refugee youths, orphaned/separated from their parents by war, into homes here in the Bay Area. By becoming a foster parent, you provide a refugee teen the possibility of a life with hope when there was none.

You can be of any religious faith, or race; and must be over 21. You can be married or single, have a big family or no children at all. We'll be with you every step of the way as you provide the home and the loving environment.

Services include:

- Financial support & health insurance
- Educational support, such as tutoring
- Health, mental health and legal services as needed
- Independent living skills training
- Cultural and recreational activities
